- B. Parking spaces in front of private homes may be designated as handicapped spaces by the Board of Commissioners upon recommendation by the Chief of Police, if the homeowner has applied to the Department of Police, on forms to be provided by the Chief, and has established that a need for such space exists and that the homeowner or resident therein has appropriate handicapped identification, as provided by the State of New Jersey, as set forth in this article.
- C. The application for a handicapped space shall be renewed annually and shall establish the foregoing as well as the continued residency of the handicapped homeowner/resident.
- D. The size of the parking space shall not be less than 22 feet in length, provided that such parking is not otherwise prohibited and that the permitting thereof would not interfere with the normal flow of traffic.
